**COUNCIL WILL ASK
\$100,000 BOND ISSUE;
ELECTION PLANNED****Preliminary Steps Toward
Bonding Outstanding
Debt Taken.****TO GET IMPROVEMENT DATA****Engineer to Compile List of Streets
to be Paved; Sewers System of As-
essment is Not Adopted; Company
Wants \$3,000 for Use of the Service.**

Council took important preliminary steps toward the proposed special election on the \$100,000 bond issue at its meeting last night, adopting an ordinance signifying the desire of the city officials that such an election be held and arranged for the compilation of much important data in connection with street improvements.

Solicitor Higgins explained that the procedure in submitting a bond issue to the people has changed recently because of the Superior Court decision. Hitherto, one ordinance was adopted showing the desire of the city officials for the election and arranging for a vote on the question. In order to be absolutely safe, he submitted a preliminary ordinance declaring that it was the desire of the city council that bonds to the amount of \$100,000 be issued for the purpose of paying of outstanding debt and interest, and to make such improvements as shall be necessary.

There was some discussion as to whether it would not be better to increase the amount of the bond, but it was the consensus of opinion that it would be wisest to leave it at \$100,000. The ordinance provides that a rate of interest not exceeding five per cent shall be paid on the bonds. In three days, or at next Monday night's meeting it will be passed finally, and a second ordinance will be introduced. Mr. Higgins suggested that the election be held on a date apart from the spring primary.

It was tentatively decided not to include sewer construction in the improvements to be covered by the bond issue. Engineer Hurst submitted an estimate showing that approximately \$12,150 would be needed for this work, but the members were inclined to the belief that an extra tax levy could be made from time to time as these sewers are constructed.

Steps toward the compilation of data on the improvement situation were taken by adopting resolutions that the Superintendent of Parks and Buildings ascertain the value of the city's buildings in order to include them in a statement to be submitted to the board; that the superintendent of streets determine where new lights are needed; that the superintendent of public safety secure information as to where fire hydrants are most needed; that the engineer consult with the fire department as to the location of fire hydrants; that the city engineer be authorized to make a new plan to open up Tenth street, and ascertain the approximate cost of continuing Tenth street to the city limits; that the city engineer be authorized to make a list of sidewalks that should be laid or repaired; and that the city engineer prepare an estimate of the labor and material needed to extend the fire alarm system to parts of town without adequate protection.

Part of the information that will be secured by the provisions of the resolutions will be referred to in preparing a schedule of what streets are to be improved under the bond issue. Council will also have at first hand information as to what other repairs are necessary and what will be gradually disposed of. The resolution of the council on Tenth street was not passed until a long discussion had ensued. The proposition is to have the Tenth State Hospital trustees and the city engineer each donate a strip of land for the use of the city in opening up Tenth street, to afford school children a shorter route to school. A letter was received from the trustees of the hospital offering to donate a strip of land to be used for this purpose, no dimensions being mentioned. The new council's plan is to secure this strip and then acquire the strip with Mr. Butterworth for part of his land that will afford a straight street.

Three ordinances which were ready for final passage were postponed but the "bond ordinance" providing that sidewalks be cleaned of snow was finally adopted and laid tentatively away for its long sleep until next winter. A letter from Walter Pollock, president of the Manufacturers' Association, which controls the Rogers system of assessments, offered to make an assessment in Connelville for a lump sum of \$3,000, or to furnish two experts at \$750 a month each, the city to employ clerical help to assist them when the work was completed.

Mr. Pollock's estimate was based on 1,500 buildings and 5,500 lots, the latter including the site of the building. The city engineer will attend to the fixing of the property values and the other determining building values. Their policies would be reported to the commission. The company also offered to bear the expense of a test suit to determine whether the city could legally buy such service.

It was generally agreed that \$3,000 was a fair price to pay for the service, and yet several of the mem-

HUERTA BUYS ARMS**Francisco Will Supply Guns and Ammu-
nition.**

LIVERMORE, Eng., March 28.—John W. Dekey of New York, former president of the Mexican national banking company, called for New York today after successfully negotiating in Europe in behalf of Huerta for 2,000,000 rounds of ammunition, 10,000 rounds of powder and to be dispatched to Mexico within a week from Francisco, said Mr. Dekey.

Among the other passengers were Irwin B. Laughlin, secretary of the United States Embassy in London, and J. E. Ferguson who goes to the United States as representative of a big Anglo-German syndicate seeking coal fields in the United States for the supply of ships passing through the Panama Canal.

MINERS QUIT**Governor Hatfield's Aid Arrives and
Violence Cedes.**

COLUMBIAS, W. Va., March 28.—The arrival here of Major J. H. Sharnock of Governor Hatfield's staff to investigate conditions in the camp of the striking miners and to hear the complaints of the strikers, had a quieting influence in this section. The strikers held that since their leaders have been arrested they are within the law. There was no shooting from the hills during the night and the deputy sheriffs reinforced late yesterday had little to do.

FIRE IN EXCHANGE**Workmen's Telephone Service Put Out
of Commission.**

WORCESTER, Mass., March 28.—Worcester was without telephone service today as the result of a fire which broke out in the Central exchange at 3 o'clock in the morning. The fire started in the cable room and worked through the network of the exchange, which carries 15,000 telephone lines of the city to the switchboards. Every line was put out of commission. Even parlor service is impossible.

SPRING FLOODS ON.**New York Rivers Swollen Lowland
Inundated.**

NEW YORK, March 28.—Spring floods have set in through the valleys of the state and already much damage is reported. The warm weather of the past week has melted much of the heavy fall of snow which fell earlier in the month and with this a heavy fall of rain throughout the night has swollen all of the streams many of which have overflowed their banks.

Members were confident that the securing of an equitable assessment would be worth it, probably not at once, but in results to come in future years. No action was taken, for in response to Mayor Marietta's petition inquiry, "Have we the money?" Councilman Hume promptly settled the matter by declaring "No, we haven't."

The contractor on the excavating for the new Presbyterian church was directed to be directed to proceed to prepare an estimate of the cost of improving Garden street, the property owners having agreed to pay the entire cost.

The German Lutheran Church submitted a statement asking that East Sixth street between Carnegie avenue and Prospect street be paved.

Councilman Hooper was unable to be present because of illness. Council adjourned at 10:50 to meet again next Monday night.

**RAILROAD MEN CLAIM STORE
PLAN WILL BE A SUCCESS****Effort Being Made to Sell \$5,000
Worth of Stock; Building
Optimistic.**

The Baltimore & Ohio railroad men seem determined to put the co-operative store idea through. A building has been optioned and the heads of the store have a line on a competent manager. Stock books are out and are being filled with names. Only the railroad men are permitted to buy stock but the goods will be sold at the same price to everybody. The leaders plan to start a grocery store and then if everything goes well to enlarge it with other merchandise. Those who have the selling of the stock in charge state that it will not be long that the scheme will surely go through. The stock is sold at \$1 per share and the railroads are permitted only to take out 150 shares and not less than five. Most of those really interested are taking from \$5 to \$50 shares and some are going the limit. The object is to raise \$5,000 and according to reports \$500 has already been subscribed.

A meeting of the railroaders interested in the store will be held early next week and it is probable that at that time the required amount of money will be at hand. The stock holders in this store will not be allowed to buy their stock as they did in the Baltimore & Ohio store about three years ago. They will be compelled to pay for the goods when bought.

TOLLS BATTLE CONTINUES**Administration Supporters Predict
Bill's Final Passage.**

WASHINGTON, March 28.—The legislative battle over the repeal of the free tolls provision of the Panama Canal act was renewed in the House today where administration supporters flushed their victory in the opening contest yesterday. They predicted that they would win when a vote is had on the repeal bill next week.

The content in the House today was largely of an oratorical character although administration and anti-administration supporters sought to strengthen their forces. The final vote which is expected Tuesday or Wednesday, Representative Harrison, Democrat of Mississippi, was one of the main speakers.

Although admitting his anxiety to follow the President and comply with his wishes, he said he could not reconcile his conscience to the President's views and surrender to Great Britain a principal of national honor and integrity.

NEW YORK, March 28.—Diminution of 25,000 men from the New York Central since December 1, said A. T. Hardin, vice president of that road, "is only a barometer of the company's business."

SIAMSE TWIN EGGS.**Vanderbilt Man Has Two Joined by
a Tube.**

The publication of a freak egg story from Lelansburg yesterday is followed by a still better one today from Vanderbilt. Emmett Hamilton has a Rhode Island Red hen which this morning laid two eggs joined together with a tube.

The eggs were perfectly formed and were the size of an ordinary egg.

The tube was formed of shell and contained the albumen of an egg. Mr. Hamilton has been raising chickens for some time and in all his experience never heard of a freak egg story which makes the third freak egg story the most probable. It is probable that a better one will follow.

With the school term rapidly drawing to a close, the seniors of the high school are already at work on commencement plans. The graduation exercises will be held on the night of June 5. There are 76 students in the class and if all of them are graduated it will be the largest in the history of the school.

On the Sunday preceding commencement, the baccalaureate sermon will be preached, and the class day exercises will be held on Tuesday, June 2. The class play, which is always a big feature of commencement week, will be given on Thursday, June 4, the night preceding graduation. The play has not been decided upon, but it will be shortly. Rehearsals will be conducted by Professor Sewall, who has staged several remarkably good productions in recent years.

The senior vacation will begin on May 25. The Junior "Prom" which is usually given by the Juniors in honor of the graduates, may not be given, it is said, though definite action has not been taken. It is probable that if the school authorities decide to give the dance, it will be held on the Friday preceding commencement.

His accomplice, James Jenkins, was sentenced three years to the same institution.

WEST SIDE CAVE-IN.**Portion of Main Street Sinks; Cause
Unknown.**

A small portion of Main street on the west side caved in. Some residents think that the Davidson mine is underground. When standing over the hole water can be heard which leads to the belief that a water pipe has burst or that a sewer is broken.

Several people living in the vicinity are afraid that if it is the mine their property may also cave in.

Against Sarah Hidenour
Before Mayor.**

City Detective W. D. Engan lost his second case before the mayor last evening when Sarah Hidenour was discharged after a hearing on a charge of disorderly conduct and street walking, and her forfeit of \$10 returned to her. The mayor decided that the evidence was not strong enough to convict. S. H. Goldsmith represented the defendant.

The woman was arrested by Detective Engan and Patrolman Murphy on Sixth street West Side, on Wednesday night. It was charged that she was in the old wagon works building, which is now used as a store house for furniture, sitting on a man's lap. Detective Engan declared that he had seen the couple when he flushed his searchlight through a window. The man was alleged to have escaped by jumping from a second story window. The hearing was originally set for Thursday night, but the woman declared that she misunderstood the date and was granted the privilege of being tried last night.

It extracts the surplus starch by centrifugal action and makes 1,200 revolutions per minute. The three immense water extractors, of the same type, of this company, make 1,400 revolutions each minute.

Thomas Piper of the West Side, a carpenter employed by the Pittsburgh & Lake Erie railroad, was instantly killed this morning at Dickerson Run when he was struck by a light engine. His companion, Louis Moore, also a carpenter for the company, had a narrow escape from death in attempting to save his fellow workman. The accident occurred about 9:30 o'clock. Both men were walking eastward on the most board track. Moore was waiting on the outside of the rail and Piper in the middle of the track. The men were run down near a sharp curve and the approaching train was almost upon them. Moore seeing the danger they were in made a desperate attempt to pull Piper from the tracks but was unsuccessful and barely escaped with his life. The engineer did not see the men. Piper was thrown from the tracks a short distance. Moore suffered a head scalp wound. The body was brought to Connelville over the Pittsburgh & Lake Erie railroad and removed to Funeral Director J. E. Sims' establishment and prepared for burial, after which it was removed to the Piper home 107 South Seventh street, West Side.

However, had it not been for the savings of expenses by the railroad company it would have probably been allowed to remain indefinitely.

McDonald arrested Beane, and his companion left a \$5 forfeit. This morning he appeared before the mayor on a charge of disorderly conduct and swearing. The mayor sentenced him \$5 or 12 hours in the lockup. His friend agreed to leave the forfeit as a fine and Beane was freed.

This morning about 3 o'clock, when Samuel Blane, who is a coke drawer, left for work, Blane was sitting in a chair, where he was found dead later by Mrs. Blane. Pneumonia is thought to have been the cause of his death. Blane made his home with his half brother and had a daughter residing in Cleveland, O. GUARD THE KIDNEYS

Millions Die of Kidney Disease; Tens of Thousands Have It Right Now and Never Suspect It.

The surest and wisest plan to always keep the kidneys healthy and free from poisonous matter that leads to Bright's disease, dropsy and other serious diseases is to take a few doses of Thompson's Barosma every three months.

It is a harmless vegetable remedy put up in liquid form, is quickly assimilated and gets to the sick kidneys at once. If your kidneys are weak, inflamed or clogged up, Thompson's Barosma will put them in splendid shape again. If they are not diseased, the greatest of all kidney remedies will tone up your system anyway.

Graham & Company, Connelville, Pa., and S. A. Lee & Company, Scottsdale, sell Thompson's Barosma for 50 cents and \$1 a bottle on money back plan. It often cures backache, side ache, sharp, shooting pains and all kidney, liver or bladder disease. A WONDERFUL MAN

John Tyler Prefers Religious Work to Lecture Platform.

John Tyler, son of an old Virginia family which gave to the nation a President; a college man who dispensed a fortune and spent 42 years of his life as a drunkard; five times around the world as a tramp; six years a bushman in Australia in a vain effort to get away from drink; a familiar figure of the slums of the latter cities of the world—a Jewell and an outcast—and now a teacher of preachers at the great Northside Bible Conference. This is a brief summary of the marvelous story of John Tyler as he will tell it to Connelville men at the Colonial Theatre on Sunday, April 5.

Tyler has spoken in all the large cities of the country, to great audiences, who have been wonderfully moved by the story of his life. A physical giant, with the rich color and manner of a Southern gentleman of the old school, Tyler could make for himself a commanding place on the lecture platform, but prefers to give his time to preaching the gospel of salvation through Jesus Christ to men who need his message, content to take whatever such men see fit to give him. He is a true apostle, and men who fail to hear him will probably regret it when they hear from others who do hear him.

Tuxedo

The Perfect Tobacco for Pipe and Cigarette

Tuxedo is the favorite tobacco of critical American smokers—a refined tobacco for men of refined taste. No other tobacco has ever received the endorsement of so many famous Americans—leaders in their different spheres of activity, whose judgment carries weight and commands consideration.

Tuxedo is made from the very mildest, ripest Kentucky Burley tobacco—aged until perfectly mellow. Then treated by the original "Tuxedo

Process" that makes Tuxedo absolutely non-biting and decidedly throat-soothing—and develops the wonderful mildness, fragrance and flavor of the Burley leaf in a way no other tobacco has ever successfully imitated.

The handy 5c Cloth Pouch of Tuxedo fits snugly in the vest pocket, and keeps the tobacco fresh and delicious by its inner wrapping of moisture-proof paper. Especially popular with smokers who make their own fragrant Burley cigarettes from Tuxedo.

HAPPENINGS AS GATHERED ABOUT THE MILL TOWN

Scottdale's Union Evangelistic Meetings to Close This Evening.

REPORT OVER 100 CONVERSIONS

Another of the Meetings for Men and Boys on Sunday Afternoon; Revival Services at Jacobs Creek Attracting Crowds; Other Notes of News.

Special to The Courier
SCOTSDALE, March 28.—With the union meetings this evening the evangelistic campaign which has gone on for a month will come to a close, say ministers who have been engaged in it. The results have been excellent, over 100 professions of conversions being reported. The churches were much revived and got into new activities, in which all worked harmoniously. The morning prayer meetings were kept up during the campaign and the people attended well and at some sacrifice of time. The Bible readings also drew a good attendance in the afternoon, and the shop meetings showed a marked interest.

The Sunday afternoon meeting tomorrow will be in the Presbyterian Church at 2:30 o'clock, and the speaker will be John C. P. Reiff of Beaver Falls. The singing will be in charge of Chorus Leader Jack Lewis.

In the evening each church will have rallies for its members and friends and in some of them individual work will be announced for the coming week before Easter.

A revival is now going on every evening at Jacobs Creek Methodist Episcopal Church near town and the pastor Rev. A. W. Davis is finding much interest, the church being filled. Jacob Koser, a local mill man and an able gospel singer, has the music in charge.

STREET CLEANING PROCEEDS

The big sweeper has also been out and the streets cleaned. Mr. Gibson has made a fine record this winter, and during the heavy snows had the force out early in the morning clearing crossings for the people when they went to work.

The Proof is Here the Same As Everywhere.

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here in Connelville, the same as everywhere. Connelville people have used Doan's and Connelville people recommend Doan's, the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease. Here's Connelville proof. Investigate it. Henry Bowers, 1208 S. Vine street, Connelville, Pa. says: "For the last twenty years my kidneys have been in bad shape. My greatest trouble was rheumatic pains and I was sick about for several weeks. My back ached terribly at times and I was bothered by having to get up in the night to pass the kidney secretions. I used a lot of medicine, but nothing but Doan's Kidney Pills helped me. They are all that I have been using for years, since I found out how good they are. It only takes a few doses of this remedy to give me relief."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Bowers had. Foster-McClellan Co., Props., Buffalo, N. Y.—Adv.

SMITHFIELD.

SMITHFIELD, March 28.—J. T. Shout and wife of Nicholson township, were in the borough Thursday morning and acknowledged their deed to the Smithfield & Massontown railroad for a strip of land in said township, consideration \$300.
R. E. Young of Point Marion, was a business visitor Wednesday.
John W. Younklin, a Baltimore and Ohio engineer, and a Philippine war veteran, lost his certificate of service in a fire that occurred here in October, 1911, burning the house that he then lived in, along with several others belonging to J. W. Rulic. He executed the necessary papers Wednesday in his application for a duplicate certificate.

W. E. Irwin of Uniontown, was a business caller here Thursday. The borough schools were dismissed at noon Wednesday to give the pupils an opportunity to visit the sugar camps now in full blast in Nicholson township. This precedent was established by the principal a year ago, and the owners of the camp treat all that come to the product of the bush. Harry Abraham and Squire O'Neill rescued a valuable beagle hound from a watery grave about 10 o'clock the other night. It had fallen in a cistern, a trap door of which had been left open. Harry happened to be passing and heard its cries for help and apprised Mr. O'Neill who furnished a ladder, and with this and a rope soon had the hound on terra firma. None to soon, however, for he was about all in when taken out of the

ice cold water, which he had been swimming in for at least a half hour, all that time crying in his dog language for help.
George Griffith of Old Frame, was a thorough business visitor on Thursday.
J. R. Shout was a Uniontown business visitor Thursday.
A. M. Walters of Upper Meriden, was a business visitor on Thursday.

Alfred O'Neill of Uniontown, was calling on his trade here Friday.
Sturgis Showalter of Uniontown, was visiting home folks here.
The advance sale of tickets indicates that the Chatham Concert Company will have a full house at the Methodist Episcopal Church tonight.

Knights of the Maccabees of the World

An Order With \$12,000,000.00 Reserve

DEAR SIR:—

When you have decided to join some good order you will seek to join the best. To do that you must investigate and make a comparison with others. We submit the following facts for your consideration.

1. We have in our life benefit department (\$12,000,000) twelve million dollars reserve, all of which is invested in government, state and municipal bonds.

2. Only white persons, American born, or naturalized citizens, between the ages of 18 and 50 years, of sound bodily health and good moral character are admitted.

3. The benefits of this society are strictly fraternal.

4. A ritual that is entertaining and inspiring, teaching true Democracy and a Republican form of government.

5. A 24-page monthly paper free to each member without additional cost.

6. Sick and accident benefits carried by the Great Camp of the State of Pennsylvania, and a relief fund carried by the Local Tent, which aggregates (\$11) eleven dollars per week at the nominal cost of (90c) ninety cents per month.

7. A special relief fund created by taking one cent out of each dollar collected in the general fund and setting it aside for cases of emergency; cases such as the recent Austin flood sufferers, the San Francisco earthquake and fire, Galveston flood, and many other worthy causes. In each of the above cases the

Supreme Tent, Knights of the Maccabees of the World was the first to come to the relief of the sufferers with \$5,000, \$10,000 and \$20,000 cash, and without assessment on the membership or depleting our life benefit treasury.

8. A home when a member becomes disabled permanently or to old to care for himself, or, perchance, without immediate blood relatives to care for him. This home is located at Reading, Pa., composed of two big farms in the picturesque and historic Schuylkill Valley; limestone land—self supporting. One commendable feature of this home is that it does not require any assessment on the membership to maintain it. The home has been paid for and all improvements in the past eight years, and there is now on deposit to the credit of the home department twenty odd thousand dollars and the fund is still increasing.

9. The members in the home are care free—never required to do any work.

10. This order provides for your family when you die from \$500 to \$3,000, as desired, at actual cost insurance. Rates payable monthly or annually. No assessments.

11. The strongest financially in the United States with its (\$12,000,000) twelve millions reserve.

12. Each member has a vote and a voice in the management of affairs, and not one dollar of the mortuary fund can be used for management expenses. No bank or trust company manipulation; no extravagance.

This Association was organized in London, Canada, in 1878. Re-organized and incorporated at Port Huron, Michigan, September, 1883.

It furnishes its members benefits in case of sickness, accident or death.

It has paid to disabled members and the families of deceased members over \$50,000,000.

It is thoroughly representative in its form of government, and fraternal in its relationship with its members.

Its ritualistic work is both pleasing and instructive. Violent, humiliating

or boisterous initiations are prohibited.

All applications for beneficial membership must pass a careful and thorough medical examination.

Its business is economically conducted, and on a sound basis.

Its rates of contribution to the benefit fund are both equitable and adequate thus removing any question of its future ability to meet its obligations and perpetuate its existence.

It has over 5,000 subordinate Tents in 55 states, territories and provinces.

The membership of the association is over 300,000.

The MAID of the FOREST

A Romance of St. Clair's Defeat

By RANDALL PARRISH

ILLUSTRATED BY D. J. LAVIN

COPYRIGHT A. C. McKEESPORT & CO., 1913

"Father! Father!" she sobbed, as if in sudden realization of the truth. "It is you!"

Her hat had fallen to the floor, and her hands were clasped in prayer. She had forgotten his presence; every thing but her grief. I drew back slightly, struck the sputtering candle on a box, where it burned bravely, and left the room. As I placed back from the doorway, odd shadows flickered along the walls, and she still knelt there, a vague, indistinct figure. In the other room I found a chair, and sat down, staring dumbly into the smoldering fire.

CHAPTER VIII

Mademoiselle's Story.

In the intense silence, the gloom of that room lit only by those smoldering embers, with Schulte sleeping undisturbed against the wall, my thoughts could not be divorced from the lonely girl sobbing above her head. Was she of dual nature, womanly and savage by turn, as the instincts of two races dominated her nature? Yet this could never account for her distrust of me, her continued insistence upon having previously known me. As I and she meant to tell there was no attempt at deceit, no acting in all this; her full faith in the change was written upon her face, found echo upon her lips. She believed me to be another man, a pretended British officer, a traitor to her people, a scoundrelly spy. Yet she applied to him my name. That was the strangest part of it all.

Even as I started toward the open door the girl herself appeared, outlined against the candle flame. She had bound up the loosened strands of hair, and her dark eyes, dry and tearless, looked straight at me. "I am Joseph Hayward," she said slowly, the words rising a little with her effort at self-control. "You confess to that name, do you not?"

"Yes, mademoiselle," I answered, my lips dry, my eyes riveted on her face.

"Yet you still claim not to be the same Joseph Hayward whom I have known?"

"I am an ensign in the army of the United States, and have never worn a red coat."

She smiled, but the smile was not altogether pleasant. Then she said slowly, "Very well; have it so then. I do not in the least believe you, but I am going to speak exactly as if I did. I am a girl, alone, and must turn to you for help. I must know no difference now if I am of Indian blood and ancestry. I am here alone with you. I have got to trust you, rely upon your word, ask your aid. You claim to know nothing of me, or mine. That there may be no possible mistake I will tell you—tell you about him, the pointed backward, with her hand, her voice breaking, "and—about my self. You shall know all, and then you will dare pretend ignorance no longer. Listen, mademoiselle. The man lying dead yonder—murdered—was my father."

She leaned forward, resting her hands on the table, for support, the veins in her throat throbbing.

"I wish you would at least confess a knowledge of my tongue," she almost pleaded. "It is not in English I think, mademoiselle, and it is difficult for me to speak in that language."

"It would be a pleasure to confess anything that would aid you," I replied politely. "But I possess small understanding of French."

Her eyes darkened indignantly, and she made a forceful gesture indicative of her true thought of me.

"You continue to act your part well," she said scornfully, "even when there is no longer a necessity. Bah! I despise this play acting! It is unworthy a soldier. So you would have me tell over what you already know; you would make me stand here and suffer."

"Mademoiselle," I interrupted swiftly, "ask nothing. All I seek is the opportunity of service. There is no truth in any going to deny. To prove it I will say this—you have remained in my memory since the first hour we met. I desire your trust, your friendship; whatever you may tell me will be held sacred, inviolate. I will serve you though you speak no word, give no explanation. I beg the privilege."

I thought she would never speak, standing there before me in the dim light, away slightly, her head bowed and talking with quick breathing. A great sympathy welled up in my heart, and all unconsciously, I extended my hands. She must have seen them, but she made no response, but the glitter of unshed tears was in her eyes.

"What is the use of our talking like this," she said impatiently. "It is as though we exchanged compliments in French. Instead we are in the wilderness, with danger all about us. You are what you are, and I am what I am."

a woman of the Wyandots. Let all else pass; I care nothing whether your thoughts of me be good or evil. I am what I am; what birth and conditions have made me. All I appeal to in you is whatever of manhood you may still retain. I tell you my story, because you swear you know it not; then listen, and you shall. No, do not move, but hear me; I would not do this without reason."

She glanced aside at Schulte, and then into the red embers of the fire, her eyes coming slowly back to rest on my face.

"I am Rene d'Auvray, and my father lies dead there in the next room. He was all I had in the world, yet I know little enough of him. He spoke seldom of his past life even to me. Still, I have much reason to believe that in his younger days he was intimate at the French court. I know he was a soldier, an officer of the king's guard, decorated for bravery. He never told me why he was exiled to this land, buried in the far wilderness, made a companion of savages. I never asked, although my heart ached to do so, for he was not a man to be questioned lightly, and I early learned that the very thought brought him pain. But I know this, for I saw a letter once, a yellow, crumpled letter, which I think he purposely hid away hoping I would see. He wanted me to know, yet had not the heart to tell me. It was from a French comrade in arms, and there was a crest on the paper, and a great name signed. I wept as I read, for the writer loved the man to whom he told the story, and the words came warm from his heart. Whatever else you may know of me, Monsieur Joseph Hayward, you have never known this. It was because of a lady my father loved, a relative of the king. For her sake he fought the Prince de Milher, and killed him in the royal garden. It was a fair fight, but the king saw it not so, for it disgraced his plans, and my father had to flee France to save his own life. Then was

Some Sound Caused Me to Wheel About.

he proscribed, a price set upon his head. She paused, and sank into a chair, bowing her face upon the table. I stood silent, unable to speak, the sound of her voice still in my ears. She looked up again, dabbing her hand across her eyes.

THE SOISSON.

"PIECES OF SILVER" TODAY.

The distinguished actress—Frieda Gardner, will appear in her big new production, "Pieces of Silver," at the Suburban Theatre this afternoon and tonight. The play has a religious tendency, which will appeal to all classes. In addition will be presented the two new romantic dramas, "The Honey-mooners," and the domestic comedy, "What a Baby Did." Commencing Monday, April 6, the Soisson will give four new plays in addition to the specialties.

MAY IRWIN.

Comedy will reign supreme at the Suburban Theatre Thursday night, April 2, when May Irwin, who has gained great fame and great wealth by her refined methods of fun making, will bring her specialty, "The Widow by Proxy," written by Catherine Chisholm Cushing.

May Irwin can always be depended upon to keep the audience in a good mood. Her act is refined, her bubbling good nature infectious. There is no speechless message in "Widow by Proxy," unless it be that of cheer. That is the only kind May Irwin has ever carried in her professional career.

She has never been concerned with "problem plays," occasional crisis not being her specialty. She knows that and she is quite content in being able to supply a good share of the nation's humor. Those who know May Irwin's style will be contented to be told this much in advance. Her character is a New York singing teacher not blessed with an over-abundance of worldly things but possessed of a keen sense of humor, and goodly supply of woman's satisfactions.

Theatre-goers, wherever Miss Irwin has appeared, have never been better summer than she is in these three acts of almost unrelieved laughter of "Widow by Proxy."

OUR STATE SEAL IN GOLD

When Anna was a Watch Charm to Every Purchaser of Tobacco.

For the benefit of the men of Pennsylvania, the American Tobacco Company has had made a special set of dies from which our state seal is issued in 14-karat gold, plated medallion form, suitable for use as a watch charm, either upon chain or fob.

These state seal medallions are beautiful examples of the jeweler's art and will be enthusiastically sought after. Not only are they in the height of good taste for the well-dressed man, but they also symbolize the state pride and patriotism of the man who wears one of them.

The central figure of the Great Seal of Pennsylvania is a shield divided into three parts. The upper part shows a ship under full sail, the center shows a plow and the bottom part shows three sheaves of wheat. An eagle with spread wings stands on top of the shield. A stock of mules and an olive branch appear on either side of the shield. This design is brought out by heavy embossing on the watch charm.

Get your Tuxedo at once, in order to take advantage of this generous special offer. Remember, a 14-karat gold-plated watch charm, representing the state seal, is given with a 50 pouch of Tuxedo.

10 CENT "CASCARETS" STRAIGHTEN YOU UP

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Get a 10-cent box now. Turn the rascals out—the headache, biliousness, indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lousy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse your stomach; remove the sour, fermenting food; take the excess bile from your liver and carry out all the congested waste matter and poison in the bowels. Then you will feel great.

A Cascaret tonight straightens you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head, sweet stomach and clean, healthy liver and bowel action for months. Children love Cascarets because they never gripe or sicken.—Adv.

A Message To Women

Those of Middle Age Especially.

When you have found no remedy for the horrors that oppress you during change of life, when through the long hours of the day it seems as though your back would break, when your head aches constantly, you are nervous, depressed and suffer from those dreadful bearing down pains, don't forget that Lydia E. Pinkham's Vegetable Compound is the safest and surest remedy, and has carried hundreds of women safely through this critical period.

Read what these three women say:

From Mrs. Hornung, Buffalo, N. Y.

BUFFALO, N. Y.—"I am writing to let you know how much your medicine has done for me. I failed terribly during the last winter and summer and every one remarked about my appearance. I suffered from a female trouble and always had pains in my back, no appetite and at times was very weak."

"I was visiting a friend's house one day and she thought I needed Lydia E. Pinkham's Vegetable Compound. I took it and have gained eight pounds, have a good appetite and am feeling better every day. Everybody is asking me what I am doing and I recommend Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish and I hope others who have the same complaint will see it and get health from your medicine as I did."—Mrs. A. Hornung, 91 Stanton St., Buffalo, N. Y.

Was A Blessing To This Woman.

So. Richmond, Va.—"I was troubled with a bearing down pain and a female weakness and could not stand long on my feet. Of all the medicines I took nothing helped me like Lydia E. Pinkham's Vegetable Compound. I am now regular and am getting along fine. I cannot praise the compound too much. It has been a blessing to me and I hope it will be to other women."—Mrs. D. Tyler, 25 West Cleopatra St., South Richmond, Va.

Pains in Side, Could Hardly Stand.

Low, Wis.—"I was in a bad condition, suffering from a female trouble, and I had such pains in my sides I could hardly move. Before I had taken the whole of one bottle of Lydia E. Pinkham's Vegetable Compound I felt better, and now I am well and can do a good day's work. I tell everybody what your medicine has done for me."—Mrs. John Thompson, Lodi, Wisconsin.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No one sick with woman's ailments does justice to herself if she does not try this famous medicine made from roots and herbs. It has restored so many suffering women to health.

Write to LYDIA E. PINKHAM MEDICINE CO., (CONFIDENTIAL) LYNN, MASS., for advice.

Your letter will be opened, read and answered by a woman and held in strict confidence.

WRIGHT-METZLER COMPANY.

CONNELLSVILLE STORE.

WRIGHT-METZLER COMPANY.

These Fine, Full, Wright-Metzler Easter Stocks

were carefully selected by style-schooled, value-wise buyers for the many patrons with many preferences and requirements who look to this store for value and variety beyond the best offerings of other selling places. After all, this is the best place to indulge your inborn love for refined dress and an elegant toilette. This biggest store, with broadest stocks, is faithful in presenting the right styles. Its merchandise is dependable and honestly priced. You can choose the new things in absolute confidence and be aided, if perplexities arise, by courteous, well-meaning salespeople. The wearthings are ready; let Easter morn find you ready also.

The Clothes We Have Ready for Men are Unlike the Suits and Top Coats in Other Stores Here

SUIT PRICES ARE \$10 to \$35

The great difference between these clothes and others is the splendid tailoring—nimble finger-and-thumb work needled into coat fronts, shoulders and collars.

A cross-legged individual tailor could not give you clothes of more permanency of shape or more distinction of line.

This kind of work adds to our cost—but not to yours; and we offset the shortage by departmentizing our store and distributing "overhead charges" according to floor space occupied by the several divisions.

Some clothes are hot-ironed into shape. A few weeks of wear, and they spread all over your frame. Garments of that calibre are disappointments—they make men hunt another clothier.

So we have no hot-ironed clothes to sell you even once.

New suits for the new season are here for men and young men.

The styles are right. The models are varied—sedate to as snappy as refined apparel can well be. The stock is rich in pin-stripe effects—white on black or blue in grays and browns of many shades—solid color, checked, striped or flecked.

The fabrics are without a flaw. The general appearance of the clothes has a quality—honest quality because that distinction is molded and sewed into them.

The many men who will draw on our stock—to the satisfaction of their purse and physical looks—will do well to make their choice today, or soon. From this moment many suits will go out, not to be duplicated, leaving a blank where you could have had a choice.

Sizes are for ALL men—regular, short, tall, slim and stout. There's no off-color appearance to the man Wright-Metzler clothed!

Balmacaan Coats

You will like a Balmacaan.

They are loose, medium length, dressy and light weight.

They are comfortable, smart-looking, attractive and mannish. Sleeves are raglan and full; collars are snug. The skirt flares at the bottom.

Balmacaan Coats are here in light colors—mixtures and stripe effects.

Sizes are for men, young men and boys.

Balmacaan Coats are \$15.00 to \$25.00.

Easter

Is Gift Time as Well as Wear Time of Pretty Toilette Accessories

—and the many divisions of the Dry Goods Store and the Sections of Dress on the second floor are self-evident with lovely "smallwares" presentable to women and girls.

Hats are found in the Jewelry Section on the first floor in bigger assortments and more varied than you'll likely find elsewhere in town.

Long and short strings of big, blue and mixed size beads, all black, black-and-white, and in solid or combinations of bright colors: Amber, blue, tango, blue, red, green and clear crystal—some with tassels of jet or black silk. 50c to \$3.

A piece of now silk from the great collection, specially priced, will make a well-chosen Easter gift for mother, sister, wife or grand-mother.

Other gift things are Silk Hosiery, Neckwear, Gloves, Parasols, Ivory, Perfumes, Bags, Etc.

NEW

In the Furnishing store, shoe store and clothing store—New neckwear, new style shirts, fresh gloves, handkerchiefs, inexpensive jewelry, pajamas and plenty of the light weight underwear and silk hosiery you will be ready for very soon;

Late model shoes, new hats and caps—ALL the wear of a gentleman of dress and expertly selected for its fashionableness, good taste and extra measure of real value for the prices on each thing.

Make your choice today!

You won't help matters by waiting and, as Easter comes nearer, choice is lessened by people most alert to early first-part-of-spring needs.

Glance towards the show windows as you go by. They index full varieties inside the store.

Through Extra Good Fortune Not Common So Early in the Season—

Rare Suits \$19.75

For a certainty under normal conditions, they would be good \$25.00 suits here; and there is no doubt they would be more elsewhere.

Hence "rare" suits for \$19.75.

You will like these suits, if \$19.75 is about the price you've planned to spend.

You won't find them out of tune with fashion nor with a blemish of any sort.

Several styles several colors and different materials.

OTHER SUITS ARE TO \$75

This Silk Dress at \$15

Is an extraordinary value.

It is of changeable chiffon taffeta, unusually well-made of splendid grade material and fashioned with four ripples, long, new style sleeves and ruche of sheer net.

The body is full lined and the inner belt is of heavy cotton belting.

The ripples are over ALL SILK—not cotton, as is the case with most dresses selling at \$15.00.

Deep tunic model dresses of changeable ALL SILK chiffon taffeta are designed particularly for medium to stout figures. Among other tones are wisteria red-and-roses etc. Priced \$25.00.

Other Silk Dresses of Changeable Taffeta, Pussy Willow Crepe and French Crepe are \$19.75 to \$65, including Floradora Crepe Frocks with bustle effects at \$35.

AT \$10.00 IS A WOOL CREPE STREET DRESS THAT SHOULD BE PRICED AT \$15.00

It is a quiet, common sense model without fuss or fluff; just such a dress as one likes to slip into for hasty shopping or to wear during the morning hours. Safe quality material, tunic skirt, V neck and neat lace ruche. The workmanship is exceptional. Our collection of street dresses shows a bigger variety of models and materials than you will expect to see in the early days of spring.

Crepe wool poplins, crepe wool Bedfords and kinkly wool crepe in a dozen or more of color tones.

An extra quality Bedford dress is perfectly tailored, silk body lining, long sleeves, double ruche neck and tunic skirt. The model is distinctive and suggests a \$35.00 garment in everything but its price—\$29.75.

Other dresses of wool textures, one-of-a-kind models, are \$25.00 to \$45.00 each.

BALMACAAN COATS are smart, in new styles becoming to all wearers and well-liked by all. Loose, flaring, comfortable, and attractive in bright hues and odd materials, notably the English tweeds. Balmacaans, either skeleton or body and sleeve lined with wearable silk—\$10.00, \$12.50, \$15.00 and \$19.75.

Waists of Cob-Web Fineness

Georgette silk crepe, crepe de chine, chiffon, shadow laces, kinkly crepe, etc., in maize, gold, flesh, cream and other tints at \$5.00 up.

Wright-Metzler Company, Connellsville
